WHERE LEARNING IS FOR LIFE

FOUNDER'S DAY

Another successful academic year at Trins came to a closure with the 14th Founder's Day celebrations on 1st of April at Tagore Theatre, Trivandrum. The programme included the formal graduation ceremonies of year 12 and PYP students, the investiture of the new student council, the annual report, awards and speeches by the Founder-President, Mr George M Thomas, the Executive Director Ms Sapnu George. The middle school students presented their personal projects on stage. The dance performance by students of the Early Learning Centre & the Early Years Programme was a visual treat. The main highlight of the evening was the dance performance and the musical performance by the School choir, the piano trio, the Rock Band and the Acapella performance.

PYP EXHIBITION

The PYP journey culminates in the PYP Exhibition which envelops all the five elements of PYP (Skills, Attitudes, Knowledge, Concepts and Action). A unit that is owned by the students; from planning to execution, the students take lead of their learning. They chose their focus of research, worked with mentors in teams and completed the inquiry cycle. The entire six weeks of this unit is an assessment, where they were observed for their team skills, creativity, communication, time management, commitment, application skills. The journey culminated on March 24th in a presentation planned by the students which includes written, oral, technology and presentations.

BLOOD DONATION CAMP BY GRADE 5 STUDENTS

Our Grade 5 students organized a blood donation camp at our City school @ Jawahar Nagar, Kowdiar on Saturday, 18th March. This event was designed by the students after their study on body systems and the circulatory system. Through their research, students found out that there is a need for blood in hospitals and research centres, which was critical to save lives. The students joined hands with Sree Chithra for this noble venture.

Trivandrum International School has achieved the Global Membership of the Round Square Network

FAREWELL TO GRADE 12 STUDENTS

The outgoing batch of 2017 was bid farewell in a special assembly followed by a farewell dinner on the evening of March 30th, specially hosted by the Management. It was an evening of reminiscences which evoked a lot of their memories of school life, amidst tears and smiles.

Each graduate is presented with a sapling each, one which they plant in the School campus and the other they take home to plant & nurture.

A special farewell assembly was conducted on the morning of March 30th, which had the junior sections presenting farewell cards, a farewell song by the grade 11 students and farewell speeches. Lit candles were presented to the graduating students by the teachers which were again passed on to the grade 11 students.

DANISH EXCHANGE PROGRAMME

16 students from grade 9 accompanied by two teachers are visiting the Eisbjergus Internationale Effterskole in Denmark from April 3rd to April 14th. Students and teachers from this School in Denmark had visited Trins in January.

BLOOD DONATION DRIVE

Our Grade 5 students organized a blood donation camp at our City school @ Jawahar Nagar, Kowdiar on Saturday, 18th March. This event was designed by the students after their study on body systems and the circulatory system. Through their research, students found out that there is a need for blood in hospitals and research centres, which was critical to save lives. The students joined hands with Sree Chitra for this noble venture.
