

## Principal's Message

Spending Thursday evening at the Grade 5 Graduation was a suitable way of drawing this year to its close for these students, whilst looking ahead to the exciting opportunities that lie in the new year. We have reached that moment in the academic year at which many of our students have completed the year and will be on a break until June (whilst others are on study leave). The students in Grade 8, Grade 9 and 11DP will have classes for another two weeks, each being engaged with tasks that prepare them for their return in June. The teachers are also very busy reviewing the year that is coming to a close as part of the active preparation for the 2024/25 academic year.

In the coming week, our senior students begin writing the IBDP and Cambridge examinations. I know you will join with me in wishing them every success.

Mr. Richard Hillebrand
