## WEEK 11

### Principal's Message:

Last Friday, we held the PTM for Junior School across TRINS campuses. It was a pleasure to meet and interact with the parents and I hope that all the parents who attended were able to have productive conversations with the teachers about the academic as well as personal growth of their children. We had also sent out a survey to PYP parents asking for their

feedback on various aspects of the school and I would like to thank all the parents who took the time to fill out the survey.

Feedback from parents is valued highly at TRINS and provides us with useful information about the quality of education offered in the school. I have had a preliminary look at the survey responses and would like to extend my gratitude for the overwhelmingly positive feedback that has been shared in most areas along with my assurance that we would strive to do our best to take rectifying measures in the few areas that need improvement.

As I had mentioned earlier in the academic year, collaboration with parents is a key part of our school's philosophy. As one of the most important stakeholders in the growth of a child, it is important for the parent and the school to have honest conversations to ensure that the student gets the best possible education; and I look forward to more such conversations.

## TRINS Students Experience Model German Parliament

On **20th** and **21st September**, six of our **11DP** students — **Anya Samind, Christo Antony, Christy Abraham, Ilaa Biju, Ishita Rajesh, and Sreenithi Krishnamoorthy** — took part in the **Model German Parliament (MGP) 2025**. The event recreated the workings of the **German Bundestag**, giving students the chance to role-play as members of parliament, debate issues, draft bills, form coalitions, and document proceedings. It was a hands-on experience that not only deepened their understanding of democracy but also strengthened their skills in public speaking, negotiation, and teamwork.
