WEEK 18 | 11-11-2025

WEEK 18**Principal's Message:**

The Inquiry Expo last week was indeed a celebration of learning and it was heartening to see all our PYP kids demonstrate their learning in a manner that was engaging and meaningful. The students were able to confidently communicate their understanding in a variety of ways and the research that they had done was quite visible.

This was also a useful way to demonstrate the benefits of trans-disciplinary learning in the PYP and the way the students were able to integrate different subjects/topics into the theme was indeed special.

We had the Grade 6-12 PTM today and I would like to thank all the parents who attended the meeting. I hope that the waiting time was not too long and everyone was able to have meaningful conversations with the teachers.

We will be sharing a feedback survey shortly (by the end of this week) with Grade 6-12 parents to gather feedback on our processes in academics and administration and I would like to request all parents to take some time out and answer the survey as and when it is released. The school does rely on parent feedback to identify both our strengths and areas of improvement and feedback can help us to take corrective action in a timely manner.

Empowering Futures: TRINS Hosts Study UK Open Day 2025

The **Study UK Open Day 2025**, organised by the **British Council**, was held on our **TRINS campus**, offering students an exceptional opportunity to explore higher education prospects in the United Kingdom.

Representatives from **29 leading UK universities**, including **Imperial College London, University of York, University of Leeds, University of East Anglia, and Swansea University**, interacted with students and provided first-hand insights into academic programmes, scholarships, admission processes, and student life in the UK.

Such events play a significant role in broadening students' global outlook and guiding them toward informed academic and career choices.

By engaging directly with universities, students gain the confidence and clarity to plan their higher education journey and take steps toward building a successful future.

TRINS Triumphs at the All Kerala Cambridge Football Tournament

We are proud to share that our **TRINS U-19 Boys Football Team** emerged as **Champions** at the **All Kerala Cambridge Football Tournament**, showcasing exceptional teamwork, skill, and determination on the field.

The tournament witnessed participation from 10 schools across Kerala, making this achievement truly remarkable. We applaud our players and coaches for their dedication and sportsmanship that brought pride to TRINS!

Adding to the glory, our **U-17 Boys Team** put up an equally commendable performance, finishing as Runners-Up in their category.

A special congratulations to **Aineesh (Grade 11)**, who was honoured as the Best Goalkeeper of the Tournament for his outstanding performance and resilience throughout the matches.

TRINS U-17 Girls Shine at the All Kerala Cambridge Football Tournament

We are delighted to share that our **TRINS U-17 Girls Football Team** emerged as Runners-Up in the recently concluded **All Kerala Cambridge Football Tournament** held in Thrissur. The team displayed remarkable skill, determination, and sportsmanship throughout the tournament, earning well-deserved recognition among strong competitors from across the state.

A special mention to **Serah Mariam (Grade 8)**, who was honoured as the Best Player of the Tournament for her exceptional performance, agility, and leadership on the field.

TRINS Secures Runners-Up Position at the 49th Loyola Cup Basketball Tournament

We are thrilled to announce that the **TRINS Basketball Team** secured the **Runners-Up position at the prestigious 49th Loyola Cup Basketball Tournament**. Competing against top teams from across the state, our players showcased remarkable skill, teamwork, and perseverance throughout the tournament.

A special recognition goes to **Marcus Joseph (Grade 10 IG)**, who was honoured as the Promising Player of the Tournament for his outstanding performance and sportsmanship on the court.

Inquiry Expo – Celebrating the Joy of Learning Through Inquiry

Our **PYP learners** from **KG1 to Grade 5** came together for the much-anticipated **Inquiry Expo**, marking the successful culmination of their theme with confidence and creativity. The event was a vibrant celebration of ***student agency, curiosity, and understanding*** as children led conversations, presented their projects, and reflected on their learning journeys across various subjects.

Parents enthusiastically engaged in the sessions, witnessing first-hand the depth of inquiry and the development of essential skills such as communication, collaboration, and critical thinking. The event beautifully showcased how inquiry-based learning empowers children to take ownership of their learning and connect classroom concepts to the world around them.

Adding to the excitement, the celebration also featured **dance, music, and drama performances**, where students expressed their understanding of the theme through art and performance. These creative presentations highlighted their confidence, coordination, and appreciation for the performing arts, adding colour and energy to the event.

A heartfelt appreciation to all parents for their active participation and support, which continues to strengthen our community of lifelong learners. Together, we celebrated our students' confidence, collaboration, and growth — as they concluded one meaningful theme and stepped eagerly into the next

Inquiry Expo 2025 – A Celebration of Student-Led Learning

The **Early Years teams** at both **TRINS City Campus** and **Technopark Campus** hosted the much-awaited **Inquiry Expo** on **Friday, 7th November**.

At the **Technopark Campus**, children demonstrated their growing independence and understanding through reading, phonetic blending, story narration, number sequencing, and introductory coding.

KG2 students recreated a vibrant *mini community*, role-playing as community helpers, and explaining how each contributes to society — a highlight that truly impressed parents.

At the **City Campus**, the event opened with a lively student performance, followed by hands-on learning showcases in storytelling, numeracy games, and coding activities. KG2 learners also presented their community helper models, connecting classroom concepts to real-life experiences.

Parents appreciated the children's confidence, communication, and deep understanding, which beautifully reflected the essence of *inquiry-based learning*.

WEEK 18

Events Over:

TRINS ELC's

Yummy Learning Moments – WOW Wednesday Sandwich Celebration

Our little learners at **TRINS ELC Technopark and Sasthamangalam** celebrated *World Sandwich Day* with great excitement and creativity!

At **Technopark**, children came dressed as sandwich ingredients and participated in an interactive sandwich-making session led by parent volunteer **Ms. Lekshmi Muraleedharan**, mother of **Reyaansh (PK2)**. They identified ingredients, prepared their own sandwiches, and lovingly shared them with their teachers.

At **Sasthamangalam**, parent volunteer **Ms. Parvathy**, mother of **Aahan**, dressed as a chef and demonstrated how to make sandwiches, while teachers performed a fun role-play. The children enjoyed making, tasting, and crafting their own sandwiches — a perfect day of learning, teamwork, and joy!

Understanding Our Community – A Real-World Learning Experience

As part of Theme 3: “How We Organise Ourselves” under the central idea “*Our neighbourhood meets our needs,*” our PK2 learners at TRINS ELC Technopark and Sasthamangalam embarked on exciting neighbourhood explorations.

At **Technopark ELC**, children enjoyed a guided City Ride, observing community places like supermarkets, hospitals, banks, post offices, and markets.

They learned how each plays a vital role in meeting our daily needs and even recognised their school as an important part of the neighbourhood.

At **Sasthamangalam ELC**, preschoolers explored their surroundings, visiting local shops, service centres, parks, and a nearby bank. The experience helped them see how people in a community work together to support one another.

This engaging real-world inquiry beautifully connected classroom learning with everyday life, sparking curiosity and appreciation for the world around them.
