**WEEK 09****Principal's Message:**

The IGCSE results were issued on Tuesday, 20<sup>th</sup> August and our students have done quite well. Overall, out of 379 individual grades issued, our students have achieved a grade of A or A\* in 167 and B in 114 papers – thereby resulting in a Grade of B and above in approximately 74% of the total individual grades. These results are a product of the hard work and

sincerity of both staff and students and I would like to congratulate them for their efforts.

Last week, we also had the Onam celebrations at school and the celebrations were done with pomp and grandiose befitting the occasion. Such celebrations are key to building community spirit in the school and the same was fully evident during the event. From the assembly (which included a surprise performance from parents) to the Onam Sadhya (wherein the Student Council took over the serving of lunch for our support staff and dining staff), the event was truly a stage where the entire school community came together to celebrate as one.

The Broadway is tomorrow and I look forward to your presence at the event. The students have worked really hard and it would mean a lot to them if people come out in numbers to watch their show. I am confident that we are going to have a show of the highest quality and I invite you to be a part of it.

Finally, I would like to convey my best wishes for Onam as we approach the Onam Break. May this festive season fill you with joy and happiness as you spend some well-deserved time with your family and friends.
