

## Principal's message

Receiving the International Baccalaureate Diploma Results has been a great way to end the week, as well as an excellent way to start the new academic year. I am delighted by the success of the Grade 12 DP students who wrote their examinations in May and have now received their results. Whilst we highlight our toppers who achieved 40 points out of a possible 45, each student has their personal story of accomplishment to tell. This will include the academic achievement that the results reflect, but embraces their whole school experience.

As I have noted before, there is a symbiotic relationship of mutual benefit between the school and its students: I take great pride in the personal growth of our students and how the school empowers these young people (and my particular thanks to Ms Rachel Jacob and all the DP teachers in this instance), but I also appreciate how the school grows from the contribution that each student makes. I wish the DP batch of 2024 every success in their future endeavours!

**Mr. Richard Hillebrand**

## Student Achievements

The 2024 batch of Diploma Programme students have received their results. We celebrate their success with them. Students study six subjects, as well as a core programme, and receive a point score, with 45 points being the maximum possible. Globally, the average point score for a DP candidate in 2024 is 30.32; the TRINS average point score is 34.

Our school toppers, who scored 40 points, are Mathew George and Joshua Mario Joseph. Congratulations to them and all their classmates. Many have already secured places at leading universities in India and abroad, whilst there are others who are still to finalise their university plans. We are proud of each student and look forward to following their future path.

Ms Rachel Jacob, the Diploma Programme Coordinator, and all the DP teachers are fundamental to this story of success. This is the largest DP batch we have had to date, and each student is able to relate stories of how their teachers have helped them confront and overcome obstacles both in their academics and more broadly. This collective effort has underpinned these results.

Mathew George

Joshua Mario Joseph

## TRINS Main School

### SHIKSHANGAN EDUCATION VISIT

From 1st July to 4th July, TRINS was visited by Mr Vijay Gupta and Ms Devika Nadig. Their visit was a dive into the routines and practices of the school, enabling them to give feedback of their impressions. They also led a workshop for teachers on language in the classroom - the importance of thoughtful teaching of vocabulary and the technique of reciprocal reading.

Upon evaluation our 6 goals are:

1. Curriculum and Formative assessment
2. Targeted Intervention for students with backlog
3. Orderliness
4. Parent Partnership
5. Professional Environment
6. Appraisals (Staff)

Mr. Vijay Gupta and Ms. Devika Nadig  
Co-Founders and Directors of  
Shikshangan Education Initiatives

shikshangan education | 28 - Shikshangan was invited by Trivandrum International School for a whole school visit, which we covered over four days, including teaching observation, interviews with all the stakeholders, discussion with students, plugging visible gaps with workshops, and finally presenting our findings, suggesting a future course focusing on actionable areas. TRINS is undoubtedly one of the finest International Schools in this part of the country and we are indeed proud to be associated with it. We stayed in the salubrious campus along with the students and staff, to have a firsthand view of her entire curriculum and create deep bonds here. Kerala is God's Own Country and TRINS matches the description - a miniature version of the real world with students coming from several different countries. Wishing the school huge success in all its endeavours ❤️

## TRINS Main School

### PYP ASSEMBLY

Thank you to the PE Department for demonstrating the positions during the PYP assembly on 1st July. The students were also introduced to the bus drivers on each route and the teachers incharge of clubs and social service in the Primary Years. The Student Council members were introduced during the whole school assembly.

## Sasthamangalam Campus

The ELC (PK1 and PK2) team of City Campus is gearing up for their first Parent Meet and Greet next week, from Monday 8th July to Wednesday, 10th July. Teachers are excited to meet the parents of their little ones on a one-to-one basis and establish a personal bond with them. This event will provide an excellent opportunity for parents to get to know the teachers and discuss their child's progress and experiences in the Early Learning Centre. The team is looking forward to building strong, collaborative relationships with families to support the growth and development of the children.

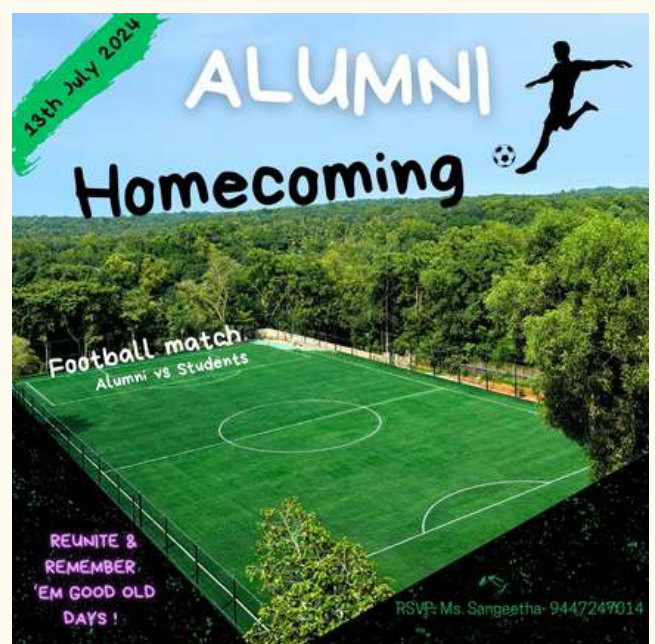

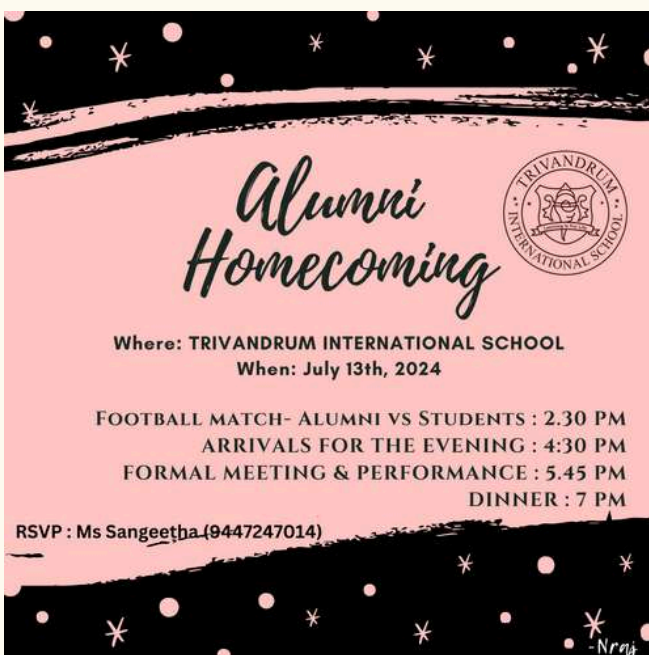

The EY (KG1 and KG2) team of City Campus is gearing up for their Theme-1 collaboration with the parent community in the upcoming week. These online collaboration meetings aim to walk parents through the central idea and lines of inquiry of the theme, inviting their contributions and ideas for planning the learning engagements. This collaborative approach ensures that parents are actively involved in their child's learning journey, fostering a deeper understanding and connection between home and school. The EY team is excited to harness the creativity and insights of the parent community to enhance the educational experience for their students.

## Upcoming Events

- **PYP Talents Day on Friday, 12th July 2024!** Our students from grades 1 to 5 are excited to showcase their incredible talents. From dazzling dance routines to awe-inspiring speeches, PYP Talents Day promises to be a day full of joy, wonder, and celebration within our school community.
- **Alumni Homecoming, 13th July 2024.** Looking forward to seeing our Alumni for our annual Alumni reunion fellowship. A football match is to be played at our new turf between students and Alumni.
- **Talents Day on Monday, 15th July 2024.** Our Middle School and Senior School students are preparing to showcase their skills in dance, music, drama and art.
- **TRINS Birthday, 16th July 2024.** We will be celebrating our birthday with a special assembly on 15th July 2024.
