**FOUNDERS DAY**

# FOUNDERS DAY

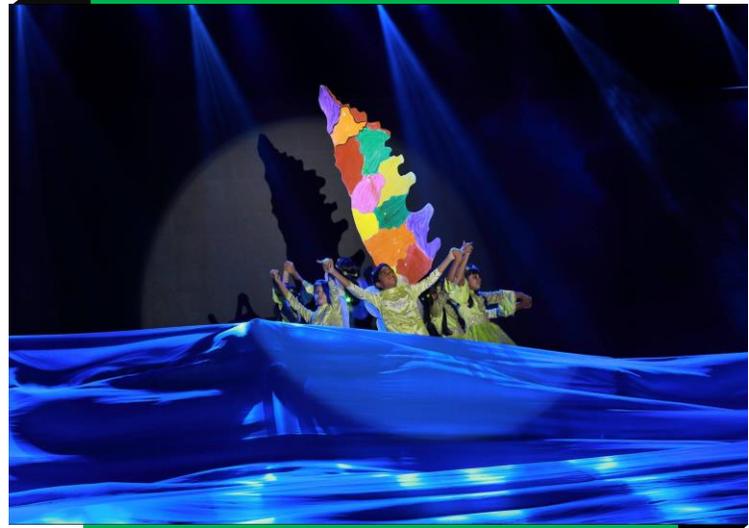

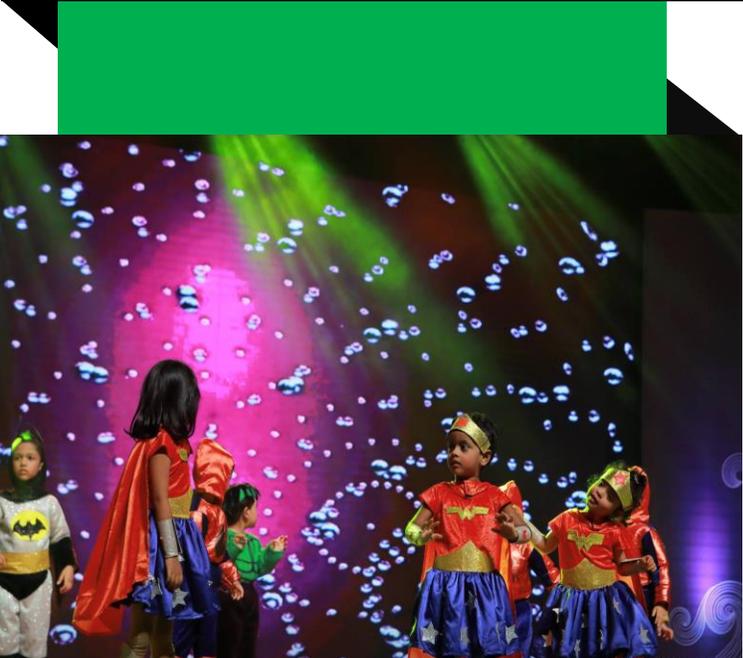

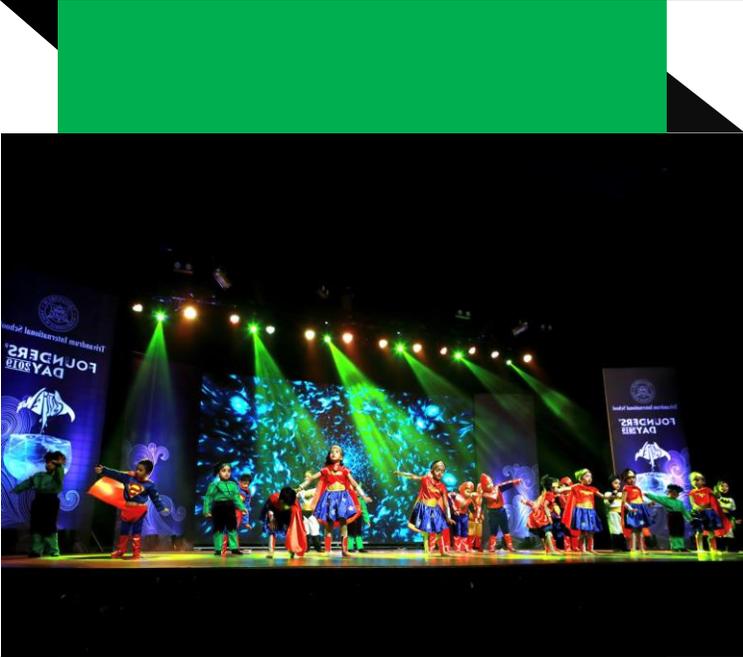

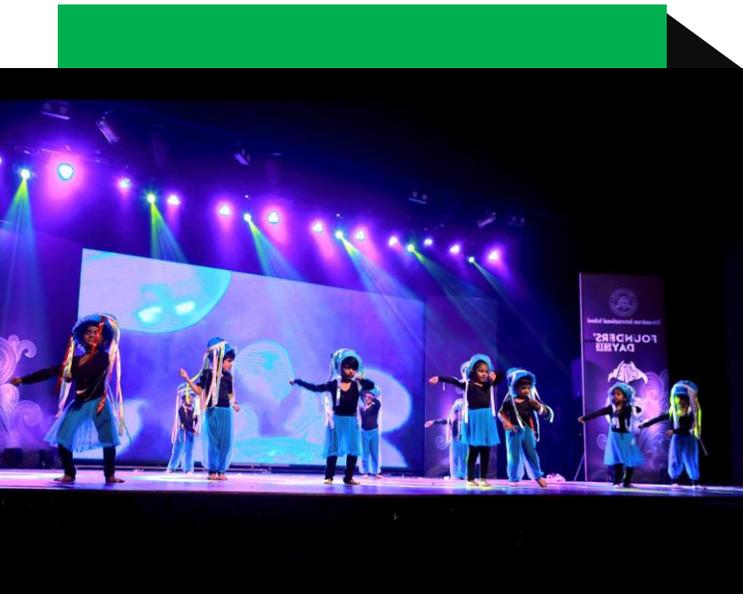

The sixteenth annual Founders day, held on the 7th of April in the honor of the founder- patron of our school, Mr. George M Thomas, marked the culmination of the spectacular year of 2018-19. The theme for this Founder's Day was 'Resilience' in memory of nature's indomitable fury during the floods in August. The chief guest for this Founders Day was none other than Mr Richard Hillebrand the founding principal of the school. The events included the graduation ceremony of the 12th graders, the investiture ceremony, award distribution for the previous and a journey through the memories of the year, presented by our principal Mrs Rupa.

However, the day wouldnt have been complete without the cultural performance displayed by the students of Trins, starting from performance put up by the tiny ones of the early years program. Accompanying the Early Years performances was the showstopper of the evening, a spectacular dance drama by the students, depicting how Kerala's culture and how she faced last year's floods which synced well with this year's theme - "Resilience". It was also a tribute to the heroes who sprang into action during the calamity.

Adding on to the evening were the melodious choir performances of the 'Oru rithu' song written by Harinarayan, the 'Nenjil Isai' song written by Sangeeth Ravindran and 'Sky full of Stars' by Coldplay. Furthermore, the vocalists of Trins had put together a dazzling medley, a mashup od Royals by Lorde; Warrior by Beth Crowley; Fire on Fire by Sam Smith and Titanium by David Guetta. And if that wasn't enough bringing the evening to a crescendo was the Trins Rock Band performing "Eye of the Tiger" and "Don't Stop Believin".

## EARLY YEARS GRADUATION

The little scholars of Trivandrum international school, all dressed in shining, green graduation robes graduated triumphantly on the 16th of April, a ceremony held at the Asian School of Business. The occasion gave the children a small experience of what it is like to achieve and progress in life. The ceremony was accompanied by performances by the students of KG1 bidding farewell to their seniors. Towards the end of the ceremony, each student was awarded with their diploma by Mrs Mary George and our executive director Mrs Sapnu George.

# FAREWELL ...

The 12th graders have always played a crucial role in the school, not just because of their early contribution, but also for being the leaders to the whole school. The Farwell dinner was a special occasion organized by the management for the students of grade 12, not just as a thank you for being part of the school, but also for reliving the memories made along with them.

The farewell assembly was an occasion held by the students as a tribute to the 12th graders where students and teachers shared their memories through speeches and portrayed love and respect through songs, cards and dances. It was a perfect occasion to build Farwell to our seniors and wish them in their forthcoming journey.
